This summer we have been working on several improvement projects on the courses. One of the projects we have completed is enlarging the walk path down to the green on #5 Palmer. The walk path was too narrow for the amount of traffic each day. The high traffic created poor conditions for the turf and required re-sodding several times throughout the year. We enlarged the walk path by filling in a portion of an existing bunker located adjacent to the path. This will allow us to alternate walking patterns and allow the turf to grow strong. Overall this is a minor adjustment that will have a big impact on the playability of the hole.

In addition to the new sod installed for the walk path on #5, we installed sod in weak areas throughout the courses. Sod was primarily installed on the approaches and the edges of the greens. During the growing season we are working hard on strengthening the Bermudagrass turf base. Weak areas of turf are addressed by applying additional fertilizers and maintaining moisture levels in the soil.

Summer is the perfect scenario for the growing season, however, it brings some additional challenges. The rain storms can be very strong and lightning can do a lot of damage quickly. We have experienced many electrical issues from lightning strikes. Until the issues have been resolved the irrigation cannot be run from the controller systems. Luckily, we have been able to resolve all issues quickly with little down time for the irrigation system.

We have installed additional drainage and curbing on the Nicklaus course to redirect rain water from creating damage along the cart paths. This will prevent water from undermining the cart paths and causing the concrete to break.
Fourth of July Flag Day Tournament

The Members 4th of July “Flag Day Tournament” had 22 players, the highest summer participation so far this year. The men’s champion was Don Rafferty, the only player in the field advancing past the 18th hole to place his flag for victory. Our ladies champion was Suki Shelton, making it the furthest on the golf course among the ladies. The format was individual stroke play, where the players were given a target score based on their handicap. Once the player hit the ball on their target score, where the ball came to rest is where they placed their American flag.

The Open Members Challenge
(Reunion Tournament Series)

As we all know, Jordan Spieth captured the third leg of the career grand slam at this year’s Open Championship, and while that was going on, we had members of our own pairing up with the pros for the Open Members Challenge. We had such a great turnout this year, especially being an RTS event. It’s nice to see everyone turn up to get some yearlong points. Thanks again for making this such a successful event. We’re looking forward to seeing you at The PGA Championship!

For a full list of the current series points standings and winners in each tournament please refer to the member board in the clubhouse.

Tuesday, September 26  
Time TBD, Cinepolis, Posner Park  
Member Movie Night – Battle of the Sexes  
Reservations required no later than Tuesday, September 19  
The electrifying 1973 tennis match between World number one Billie Jean King and ex-champ and serial hustler Bobby Riggs was billed as THE BATTLE OF THE SEXES and became the most watched televised sports event of all time. The match caught the zeitgeist and sparked a global conversation on gender equality, spurring on the feminist movement. Trapped in the media glare, King and Riggs were on opposites sides of a binary argument, but off-court each was fighting more personal and complex battles. With a supportive husband urging her to fight the Establishment for equal pay, the fiercely private King was also struggling to come to terms with her own sexuality, while Riggs gambled his legacy and reputation in a bid to relive the glories of his past. Together, Billie and Bobby served up a cultural spectacle that resonated far beyond the tennis courts and animated the discussions between men and women in bedrooms and boardrooms around the world. The Club will provide your movie ticket; Members are responsible for their own transportation to the movie theater at Posner Park and refreshments.

Thursday, September 28

Dealing with bad calls

Whether you are a tennis league player or just a weekend warrior, all tennis players have been in the situation of a bad line call. Sometimes these calls don’t make a difference, and then there are those times when they can actually change the outcome of a match. No matter what your case is, you should know how to deal with these situations when they arise.

When the first bad line call happens, you should give your opponent the benefit of the doubt. It could be something as simple as maybe you saw the call wrong yourself. Maybe you wanted the ball to be in so badly that you actually saw it in… even though it wasn’t. The first bad call isn’t the time to blow up and make a fool of yourself; simply take mental note of it and continue the match as if it were called correctly.

Now, when the second bad call happens, and you are almost positive about your shot, that is the time to show you are not sure if they are correct. Make sure to do this in a professional manner; simply ask them if they are sure and if it was close. This will not only show that you are watching their calls, but it will also put doubt into their line calls and you will most likely be the beneficiary. Once you have reached the point in the match where there have been two to three bad calls, now is the time to take a more drastic approach. By more drastic, I mean do more than just question your opponent.

You are not allowed by USTA rules to go on the other side of the net unless you are invited, but you most certainly can approach the net and look for the mark. You should also ask your opponent to show you where they see it out, and they should show you.

All things said and done, tennis is a sport that is based on honesty. If someone wants to cheat in order to win, they will be able to do so.
